About Me

Dedicated and accomplished A-level Business and Economics educator with 18 years proven track record of fostering academic excellence and instilling a passion for learning among students. Possessing a solid background in both subjects, I leverage real-world examples and practical applications to create an engaging and dynamic classroom environment.

The woman on the right is wearing a purple blazer and has her sunglasses on her head. There are several handbags on the table and chairs. In the background, there is a brick wall, a potted plant, and a framed picture. The floor is made of large, light-colored tiles.
